

Working from home plans for Year Six
22nd June - 3rd July 2020

**Remember you can upload work or comments on seesaw, which we will be checking every day in the week! Aim to upload something everyday if you can - or a least once a week to show us all you have achieved! Keep smiling :)
 From, Miss Smith & Mrs Hope**

Staff have been working hard to create a proposed plan for you to work on with your child(ren) at home whilst the school is shut. Here is a suggested plan for spreading out learning over the period of closure. You will also find additional activities and ideas on our website under the news tab, letters to parents and your child's year group. Thank you for your support and understanding. We hope you stay safe and are able to continue to develop your child's knowledge and understanding.

Accelerated Reader Information - Pupils can log on at home to complete quizzes on the books they're reading, when finished. To do this they will need to go to <https://ukhosted44.renlearn.co.uk/6702756/>

Another resource you might find useful is the revision guide, 'Help Your Kids With SATS - The best preparation for SATS success', Carol Vorderman. This can be purchased on Amazon. Although the Government has announced that SAT's will not now take place, completing activities linked to SATs will further support their transition into secondary school and ensures they do not fall behind.
