If you would like to make something, you could…

- Make a model of a character from your favourite story.
- Use material to create a puppet of your favourite character.

If you are feeling **musical** you could you could…

- Use old plastic bottles/bins/household items to create and sustain a musical rhyme. Film it, or bring things in to perform to the class.

If you are feeling **scientific** you could…

- Stage your own experiment testing different materials/ comparing different materials and write a report about it.
- Plant your own seeds or bulbs and create your own plant diary to jot down the plants progress.

If you are interested in **PE**, you could…

- Practise your ball skills and make up your own game. Take pictures / make a video of your playing it and write the rules down to teach others.
- Look at balances, movements and sequences. Create a poster to show these.

Project based learning – Spirit of adventure

How can we create a puppet that could be used in a performance?

(Term 5 Year 2 Topic)

Choose one of these options (or an idea you have yourself) and complete this alongside practising your reading and spellings. Due in by Friday 13th May

If you are interested in **literacy**, you could…

- Write a story where the main character receives a warning from someone. Will they do what they have been told not to?
- Write a book review on a book of your choice.

If you are interested in **Computing**, you could…

- Create a poster to show how you can keep personal information safe.
- Identify all the benefits of using technology.

If you are interested in **maths**, you could…

- Make a poster on your 2, 5 or 10 times tables
- Create a game to help you count in 2's, 5's and 10's
- Create a tally chart on a subject of your choice (Favourite colour, sport, puppet)
- Represent numbers up to 100 using objects around the house, like lego, rice, pasta etc.
